

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

RULES OF
THE COMMITTEE ON ADMISSIONS

✠

The attention of members is called to the following Rules of the Committee on Admissions, as recently amended:

RULE V.—A stated meeting of the Committee shall be held on the first Wednesday evening of each month, except the months of July, August and September. The hour of such meeting, unless otherwise determined by the Committee, shall be half-past eight o'clock.

CANDIDATES FOR ADMISSION

RULE X.—Candidates may be proposed for membership at any time after they have matriculated in regular course at a College or University conferring degrees to obtain which at least three years' residence and study are required.

The proposer and seconder of each candidate shall sign a blank form to be supplied by the Committee on Admissions and state the full name, residence, place of business, and profession or occupation of the candidate, the name of the College or University from which he was graduated or at which he is a student, the year of his graduation, past or prospective, and the degree received or to be received by him. If the candidate holds a degree they shall also state the number of years he actually spent as a student in residence at the College or University conferring it, and if while studying for a degree he was in residence at more than one, the names and length of residence at each.

If the eligibility of the candidate depend upon an honorary degree, the fact that the degree is honorary, and the year when conferred, shall be stated.

The signed form shall be filed with the Committee, and if in proper order, the candidate shall be immediately posted. If not in proper order, it shall be returned for correction and the candidate shall not be posted until the correction is made.

A member desiring to be substituted in place of an original proposer or seconder, may authorize the Secretary of the Committee to sign his name as such on the filed form, provided the authorization is made in writing and states the reasons for the proposed change. A copy of the form as altered shall be sent to the substitute.

Letters of recommendation shall also be required from the proposer and seconder.

Further letters respecting the candidates are requested from other members of the Club.

No. candidate undergraduate at date of posting shall be elected until his proposer or seconder shall have notified the committee in writing of the conferring of the degree, its title, its date and the number of years he actually spent as a student in residence at the College or University conferring it, and if, while studying for a degree, he was in residence at more than one, the names of, and length of residence at each. If an undergraduate candidate shall fail to receive his degree, his proposer or seconder shall notify the Committee to the effect in writing and his name shall be stricken from the list.

RULE XI.—At each meeting the Committee shall take up for election the names of candidates who have been duly posted, beginning at the top of the list. Preferences, however, may be given to a candidate of special distinction, or, for special reasons, to a candidate who has held the degree which renders him eligible for election for at least twenty-five years, provided that such preference shall have been granted at a previous regular meeting of the Committee by the unanimous vote of the members present. The name of a candidate to whom such preference is granted shall forthwith be specially posted, and may be voted upon at any subsequent regular meeting. Not more than ten candidates thus preferred shall be elected during any one calendar year.

When the name of any candidate shall be reached for consideration, if it then appear that no letter has been received from the proposer or seconder, or that the candidate

is not personally known to the number of members of the Committee present required by Rule XIX, or that there is insufficient information before the Committee for final action upon the candidate, the name shall be passed and the proposer and seconder immediately notified that when the name shall be again reached for consideration if the necessary requirements under the rules of the Committee have not been complied with, or if the information before the Committee respecting the candidate is still insufficient, the name will be rejected, unless special considerations are brought to the attention of the Committee, when, upon vote, the name may be again passed, or removed to the foot of the list, or transferred to the special list.

The Committee may, on the written request of the proposer or seconder of a candidate, and when the name is reached in regular order, place it at the foot of the list, or set it back any number of names not less than fifty. When the name is again reached, no further postponement shall be granted unless sufficient reason is shown for transferring it to the special list.

If a candidate other than the holder of an honorary degree shall reach the head of the list before the expiration of two years from the date of receiving his degree, he shall automatically move to the special list until the two years shall expire, when he shall automatically return to the head of the list from which he moved, and therefore, all other provisions of this rule shall apply to his name.

RULE XII.—The President of any University or College, the degrees conferred by which qualify a candidate for election to membership in the University Club, shall be entitled to a preference.

The names of candidates who have previously been members of the Club, and have resigned in good standing, shall be entitled to a preference and shall be especially posted as such.

The name of an Army or Navy candidate who is in active service, or of a candidate who is a member of the diplomatic

corps or consular service of a foreign government accredited to this country may be considered at any meeting upon special vote of the Committee.

RULE XIII.—All Army and Navy candidates shall be placed on the Non-Resident List and acted upon in the regular order unless notification shall be made to the Committee to place them on the Special List, to which may also be transferred on vote of the Committee all candidates on whose behalf an indefinite postponement shall be requested; and names on said list, other than Army and Navy candidates, shall be considered only on motion of a member, at any time after such name would have been reached in regular order if it had been retained on the regular list.

RULE XVIII.—A candidate for Non-resident membership shall not be considered by the Committee unless a letter respecting his candidacy has been received from a Resident member of the Club.

RULE XIX.—Candidates for Resident membership must be personally known to at least three members, and candidates for Non-resident membership must be personally known to at least one member of the Committee present.

RULE XX.—The name of a candidate who has been duly proposed and seconded shall be immediately posted although the degree held by him or for which he is a candidate shall not have been approved by the Council and although two years shall not have elapsed since his graduation.

FRANK H. SIMMONS,
Secretary, Committee on Admissions.

THE LIBRARY

REPORT FOR THE YEAR

FROM MARCH 1, 1921, TO FEBRUARY 28, 1922

The number of volumes in use on Feb. 28, 1922, was 40,773. 1,201 volumes were added during the year, and 59 volumes discarded, making a total increase of 1,142 volumes.

GROWTH OF THE LIBRARY DURING THE PAST TWENTY YEARS

BOUGHT	BOUND	GIVEN	TOTAL	COST
18,178	1429	5530	25,119	$52,481.07

GROWTH OF THE LIBRARY FOR 1921-1922:

BOUGHT	GIVEN	TOTAL	COST
1032	169	1201	$4,584.27

In addition 27 volumes were rebound at a cost of $41.80.

Total running expenses of the Library, exclusive of salaries:

Books and binding	4,626.07
Periodicals (251) and out of town newspapers (24)	1,824.95
Miscellaneous	353.48
Total	$6,804.50

The cataloguing has been brought up to date. The cards printed and issued by the Library of Congress are used so far as possible.

Members of the Club may have the opportunity of purchasing discarded books at 25 cents a volume. Such books must be tied up in packages by one of the Assistant Librarians before being removed from the Club House, and each volume must be stamped "Discarded."

The Library has on hand, either in bound volumes, or filed for reference, over 100 sets of periodicals, though not all of them are complete. The rule now adopted is to retain for binding or filing most of those that are indexed in Poole's and Wilson's indexes, accepting, so far as it goes, the judgment of the index-makers on the question of permanent values.

About 35 unindexed periodicals are also permanently retained. All other periodicals coming into the Club are kept on file not less than six months, but at the end of June and December of each year, such periodicals, up to three months previous, are discarded.

The New York newspapers are held for reference for six months back from the current date, and a duplicate file running five weeks back is kept for clipping purposes. The file of the London Times now dates only from 1914, the New York Tribune, bound, from 1861 to 1913 inclusive. Since 1914 the New York Times has been substituted for the Tribune, for the reason that the Tribune has discontinued its Index since 1906, and the Times now issues both Index and monthly bound volumes of the paper. The Manchester Guardian, London Observer and Paris Figaro and Temps are held for three months back; the following out-of-town newspapers for five weeks.

Albany Knickerbocker Press—Atlanta Constitution—Baltimore Sun—Boston Transcript—Chicago Tribune—Cleveland Plain Dealer—Hartford Courant—Indianapolis News—Japan Chronicle—Louisville Courier-Journal—New Haven Journal-Courier—New Haven Register—New Orleans Times-Picayune—Philadelphia Public Ledger—Portland Oregonian—Providence Journal—St. Louis Globe-Democrat—San Francisco Chronicle—Springfield Republican—Washington Post.

The demand for novels and other books of ephemeral character will continue to be supplied through a subscription

library. The regular deliveries are made on Wednesdays. Single volumes can usually be obtained from the New York Society Library within a few hours. Orders for books should be left with the Assistant Librarian.

The current issues of the catalogues of American and foreign booksellers and publishers are kept on file.

Members using the Library for investigation and study have the privilege of drawing on the resources of the Columbia University Library and the collections of many university and other libraries. Requests for books under the above arrangement must be made through the Librarian of the Club.

Lock boxes in the Writing Room, built for the accommodation of private papers, manuscripts, and books, are rented to members at the rate of 25 cents a month. Private shelves are reserved in the Writing Room for the same uses.

The continued growth of the Library has resulted in overcrowding the shelves to such an extent as seriously to interfere with the arrangement and ready use of the volumes, and a greatly-needed relief has been made possible through the bequest of the late Rear-Admiral Nicoll Ludlow which has been appropriated to the fitting up of the north room on the Avenue for the extension of the Library. Accommodation for about 6,000 volumes has been secured by the installment of bookshelves on three sides of the room, including alcoves and a gallery on the west side, designed by the architects of the club-house and built of oak to match the trim of the room, the appearance of which is greatly improved without in the least disturbing its use as a chess-room.

An appropriate tablet in memory of Admiral Ludlow is being designed and should be in place by the time this report appears.

As these shelves do not much more than take care of the

present overcrowding, serious consideration must be given before long to further accommodation for books.

In the more important of the recent acquisitions purchased from the Hepburn Fund the special book-plate designed in commemoration of his gift has been inserted, and the enrichment of the Library from this source will increasingly appear in coming years.

One original share in the Clinton Hall Association (Mercantile Library) was presented by Mr. George Sherman, formerly Treasurer of the Club.

The books accessioned during the year may be classified as follows:
